Jack Johnson

Intro ‖: **D** | **D** | **Em** | **Em** :‖ *x2*

Verse 1
```
         D              /
Who's to say    what's impossible
         Em            /
Well they forgot,    this world keeps spinning
            D             /                    Em
And with each new day    I can feel a change in everything
/                         D
  And as the surface breaks reflections fade
/                         Em
  But in some ways they remain the same
/                              D
  And as my mind begins to spread its wings
/                         Em
  There's no stopping curiosity
```
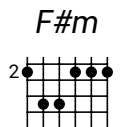

Chorus 1
```
 /                              D     Em
   I want to turn the whole thing upside down
 G         A              D     Em
   I'll find the things they say just can't be found
 G             A          D     Em
   I'll share this love I find with everyone
 G             A              D      Em
   We'll sing and dance to Mother Nature's songs
 G             A          D
   I don't want this feeling to go away
```

  Things aren't always just what they seem
```
